

# RESEARCH FACILITIES NAVIGATOR

*Where business finds research*

# What is it?

Searchable online directory of about 530 research facilities at 81 institutions and the expertise they offer.

Created to help businesses connect with researchers at universities, colleges/cégeps and research hospitals across Canada.

# What's in it?

## For business?

- Find leading-edge research facilities, equipment and expertise with solutions to their research and innovation needs.

## For researchers?

- Establish or expand partnerships and collaborations with industry
- Undertake contract research with the private sector
- Optimize the use of CFI-funded infrastructure

# Best practices

## Taking advantage of the Research Facilities Navigator

- Encourage smaller labs and labs led by more recently funded researchers to list
- Include not only CFI-funded facilities but facilities and laboratories using CFI-funded infrastructure
- Proactively update your facility's profile
- Actively promote their participation in the Navigator

# Next steps

## Coming this fall:

- upgrades to the functionality of the site for a better user experience
- marketing and promotional campaign
